Hi Steve,

Thanks for submitting your question about submitting an NOT for your projects in Mandaree, North Dakota.

From the photos you submitted it appears that the sites are in the initial stages of stabilization. In order for you to submit a NOT the site needs to meet final stabilization. You must provide established uniform vegetation (e.g., evenly distributed without large bare areas), which provides 70 percent or more of the density of coverage that was provided by vegetation prior to commencing earth-disturbing activities.

For stabilized areas, you may reduce the frequency of inspections to once per month in any area of your site where the stabilization steps in Parts 2.2.1.2a and 2.2.1.2b have been completed. If construction activity resumes in this portion of the site at a later date, the inspection frequency immediately increases to that required in Parts 4.1.2 or 4.1.3, if applicable. You must document the beginning and ending dates of this period in your records.

Another option for submitting a NOT is if you have transferred control of all areas of the site for which you are responsible under this permit to another operator, and that operator has submitted an NOI and obtained coverage under this permit.

Once you meet one of the two requirements above, you can contact Greg Davis (I am cc' him in this email) to request permission to submit the NOT form via hard copy.

Greg's number is 303-312-6314. His email is: davis.gregory@epa.gov

The form can be found in Appendix K of the following document:

Please feel free to call me if you have any questions.

Just following up with you per our last correspondence below. Projects are stabilized per pictures sent a few weeks ago, we are seeking NOT for projects.

Please advise how we can accomplish this filing.

Thank You.

Emilio; I hope all is well with you.

I have attached pictures for your files regarding stabilization at White Oak and Black Eagle areas in Mandaree as requested. In addition, Panther has no current construction activities in ND.

Panther would like to submit a NOT for White Oak, Black Eagle and Pow Wow, please assist me with whom I need to talk with to complete this document as it was completed by an employee no longer working with the company.

Feel free to contact me direct, 561-929-0834.

Thank You.

Hi Steve,

I contacted the eNOI center and it looks like you have two options to submit your NOT (see email below). If you are going to be doing additional construction in ND I would suggest getting a eNOI account (see link below). If you are not planning on doing construction in ND, we can

talk to Greg Davis our Regional eNOI contact and get approval for you to submit the NOT in paper form. Please let me know which option you prefer?

Thanks,

Emilio Llamozas

Subject: Steve Kahn - NEEDS ACCESS - CGP NOIs

Greetings Emilio,

Thank you for contacting the EPA NOI Processing Center. Per our phone conversation, the new responsible individual, Steve Kahn, has two options for filing his Notices of Termination (NOT) - the paper form or electronically. As I mentioned the paper NOT form would require the EPA Regional approval.

If he would like access on his CDX account to file the NOTs electronically, we would need an **authorization letter on the official company letterhead of *Panther Development Investments LLC*** granting the EPA NOI Processing Center permission to associate the requested tracking number to his CDX account. The following information should be included in this letter:

- An authorization statement along the lines: "I grant the EPA NOI Processing Center permission to associate the permit tracking numbers to my CDX account."
- Tracking Number(s):
- CDX User ID:
- Name on CDX account:
- Email on CDX account:
- Role on CDX account (preparer/certifier):

Mr. Kahn must sign and email us a copy of the letter. Here is some guidance to pass along on using the CGP eNOI system and registering for a CDX account:

Please, let me know if you or Steve have any questions.

Sincerely,

Emily Gorman
